

HELP BUILD A WIRELESS BROADBAND INFORMATION HIGHWAY ACROSS NEPAL

**An initiative to build a
“New Nepal” through communication and economic revolution.**

Main Objectives

- Develop educational contents in local language for school children and rural people
- Provide telemedicine services from city hospitals to rural clinics for treatment
- Provide voice over Internet protocol (VoIP) services for cheaper communication
- Provide remittance service in villages to help people working abroad send money back home
- Provide credit card acceptance services to tourist in the trekking routes
- Start local e-commerce service through e-bulletin boards to help villagers sell products
